## Item 5.07 Submission of Matters to a Vote of Security Holders.

On January 19, 2021, BridgeBio Pharma, Inc. (“BridgeBio”) held a special meeting of holders of shares of BridgeBio common stock (the “Special Meeting”). BridgeBio filed its definitive joint proxy statement/prospectus for the proposals voted upon at the Special Meeting with the U.S. Securities and Exchange Commission (the “SEC”) on December 15, 2020, which was supplemented by the Form 8-K filed by BridgeBio with the SEC on January 12, 2021.

As of the close of business on December 8, 2020, the record date for the Special Meeting, there were approximately 122,715,631 shares of BridgeBio common stock issued and outstanding and entitled to vote at the Special Meeting. A quorum of 106,118,019 shares of BridgeBio common stock was present or represented by proxy at the Special Meeting (representing approximately 86.47% of the shares entitled to vote at the Special Meeting). The number of votes cast for, against or withheld, as well as abstentions, with respect to each proposal is set out below (there were no broker non-votes at the Special Meeting):

1. Proposal to approve the issuance of shares of BridgeBio common stock pursuant to the Agreement and Plan of Merger, dated as of October 5, 2020, by and among Eidos Therapeutics, Inc. (“Eidos”), BridgeBio, Globe Merger Sub I, Inc. and Globe Merger Sub II, Inc. (the “BridgeBio share issuance proposal”):

The voting results of the holders representing a majority of the aggregate voting power of the shares of BridgeBio common stock outstanding and entitled to vote thereon are as follows:

For	Against	Abstain
106,097,873	1,062	19,084

In connection with the Special Meeting, BridgeBio also solicited proxies with respect to the adjournment of the Special Meeting to a later date or time, if necessary or appropriate, to solicit additional proxies in the event there were insufficient votes at the time of the Special Meeting to approve the BridgeBio share issuance proposal or to ensure that a quorum was present at the Special Meeting. As there were sufficient votes at the time of the Special Meeting to approve the BridgeBio share issuance proposal and to ensure that a quorum was present at the Special Meeting, the adjournment or postponement of the Special Meeting to solicit additional proxies for such purpose was unnecessary and such proposal was not submitted to the holders of shares of BridgeBio common stock for approval at the Special Meeting.

## Item 8.01 Other Events.

On January 19, 2021, BridgeBio and Eidos issued a joint press release announcing the results of the stockholder vote at the Special Meeting. A copy of that press release is attached hereto as Exhibit 99.1 and incorporated herein by reference. BridgeBio and Eidos intend to close the mergers and other transactions contemplated by the Merger Agreement on January 26, 2021, subject to the satisfaction or waiver of customary closing conditions.
